Thank you very much for the keeping a tight loop on progress and status.

I appreciated the updates.

I will keep folks apprised from this side as well. I do not anticipate any issues with the information we have thus far.

Thanks to all,

Betsy

AW,
That sounds great, thanks for the input.

Betsy,
Hopefully this gives us plenty of time for the approval letter to get signed.

[Ex. 6 Personal Privacy (PP)]
Could you please inform the Sector Commander of the change to the end of June?

Thank you all for the help.
v/r,
Mike

Mike,

The Makushin Bay will be headed to Homer the 3rd and then out to Dutch Harbor.
The current schedule puts her back in Kodiak the 28th of June.

As things progress, we will update you.

Mike,

We may have to push the schedule significantly, as the Mak Bay needs to be in DH the first week of June on another assignment.

We can discuss.

A.W.

Betsy,

Not a problem. We definitely understand. Nothing will move until we have a copy of that letter, please don't worry. If we can get the letter by the end of next week that would be wonderful. We will push our tentative movement to the week of June 7th.

Ex. 6 Personal Privacy (PP)

Could you please update our tow plan to reflect this change?

AW,

Do you see any problem with this for scheduling the Mak Bay?

v/r,
Mike

Good morning,

This is an update to let folks know that EPA's approval letter under the Marine Protection, Research and Sanctuaries Act for the scuttling of the M/V Wild Alaskan is currently being drafted. Once drafted it will be sent up the chain of command for disposal review and letter signature. The scuttling of the M/V Wild Alaskan is not approved until the letter has been issued to Mr. Tvenge.

Please be advised that within the approval letter there are notification requirements that include 1) at least 48-hour advance notice of intent to dispose of the vessel and 2) at least 12-hour notice of intent to dispose of the vessel.

We will get the approval letter to Mr. Tvenge once it is ready for issuance. Please note that the scuttling is not approved until EPA's approval letter has been issued. EPA will strive to release the letter by the end of next week.

Please feel free to contact me with any questions or concerns.

Thank you for your patience,
Betsy
